

Abbey Meads Conservatives

£700,000 TO SPEND IN THE NORTHERN SECTOR – HAVE YOUR SAY!

This is your chance to suggest how to spend nearly three-quarters-of-a-million pounds on community projects in our area.

Cllr Vera Tomlinson has successfully won the battle to get a better share of the 'Haydon 3 Section 106' money for the Northern Development Area.

The money has come from the contributions paid by developers when they built the northern sector's new houses – most of which are in Abbey Meads.

After allocating money to highways and new school places, our remaining share originally amounted to just £100,000, of which £70,000 had already been spent! But we now have a massive £700,000 to be spent by the community for improvements in the 'Haydon 3' development area.

We are asking you to think about what **you** would like this money to be spent on. Suggestions so far include (tick if you agree):

-
- | | Tick Below: |
|---|--------------------|
| Community Building in Redhouse Village Centre
For use by Scouts, church groups, residents' groups, Butterflies children's day care, youth groups, community or sports events, etc.... | ----- |
| Security Lighting for Bergman Close play area
To combat anti-social behaviour | ----- |
| Purchase of grit bins
For use on pavements and residential roads during icy weather | ----- |

Any other suggestions:

I would like.....

Please send your form to arrive no later than 28 February 2011:

Post: Cllr Vera Tomlinson: Civic Offices, Euclid Street, Swindon SN1 2JH or
